

### About MNIT

Malaviya National Institute of Technology, formerly known as Malaviya Regional Engineering College was established in 1963 and assumed its present name on 26 June, 2002. The Institute is fully funded by the Ministry of Human Resource Development (MHRD), Government of India. On 15 August 2007, the Institute proclaimed the status of the 'Institute of National Importance' through Act of Parliament. The campus is spread across 317 acres of lush green picturesque landscape in the prime location of Jaipur city.

The Institute offers undergraduate and postgraduate courses (B.Tech., M.Tech./MBA/M.Sc. & Ph.D.) to about 4500 students, in leading fields of engineering, architecture, sciences, management and humanities & social sciences. Besides regular teaching, the Institute is actively engaged in research, consultancy and developmental activities.

### About NIT, Uttarakhand

The National Institute of Technology, Uttarakhand is a public engineering institution of the Indian State of Uttarakhand. It was founded in 2010, as one of the 31 National Institutes of Technology in India and is recognized as an 'Institute of National Importance'.

### About Jaipur

Jaipur is the capital city of Rajasthan, the largest state of India. It was founded on 18 November, 1727 by Maharaja Sawai Jai Singh II. The city is known for its rich heritage and well-planned architecture. Jaipur is also called as the *Pink city* because of the peculiar color of the stone used for building the walled city or the old Jaipur city. The city is well-connected by road, rail and air services. MNIT is situated on JLN Marg and is around 9 km from main railway station and bus station. It is just 6 km away from the Airport.

### About the Conference

The National Conference on Sustainable Development Goals aims to create an enduring and multidisciplinary approach to SDGs and provide a platform to exchange knowledge, ideas, experiences and expectations around the challenges involved with the 3 SDGs viz. Quality Education, Gender Equality and Affordable and Clean Energy, in academic collaboration with The Indian Econometrics Society. The conference targets to open a debate among the different stakeholders on solutions for sustainable development to transform society at local and global level and provide intellectual guidance and scientific evidences to the challenges of SDGs, with humanist and critical thinking, promoting research and education.

### About TIES

The Indian Econometrics Society (TIES) is a registered society under Public Societies Registration Act, formed in 1960. It is one of the oldest and largest body of professional econometricians and quantitative economists with more than 2000 members from all over India and abroad.
