3.2 Program Structure

The 2 year full-time MBA program offered is spread over two academic sessions. Each academic session comprises of two semesters – ODD Semester (commences normally around July every year) and EVEN Semester (commences normally around January every year). The minimum duration to graduate from the program is 2 years (4 semesters). However, the maximum period permissible to complete the program is 3 years (i.e., 6 semesters).

During the first academic year (Semester 1 & 2), the students are exposed to core courses on topics which are necessary to build generic managerial abilities and to develop appreciation for cross-functional business activities. During the second academic year the students can opt for elective courses from a mix of two specializations along with certain core courses. The Department currently offers specializations in the areas of Marketing, Finance, HR, Operations Management and IT Management, subject to a minimum number of students opting the specialization.

During the summer break, intervening the first and second academic year, the students are expected to undergo summer internship in a reputed business organization. This exposes the students to the real-life challenge and work environment, while giving them an additional chance to blend their class-room learning with industry practices. The students are also expected to work on an applied research project during their last semester and put to use their skills in identifying, isolating and solving business problems.

3.3 Credit System

Education at the Institute is organized around the credit system of study. The prominent features of the credit system are process of continuous evaluation, performance, and flexibility to allow a student to progress at an optimum pace suited to his/her ability or convenience subject to fulfilling minimum requirement for continuation.

Each course has a certain number of credits, which describe its weightage. A student's performance is measured by the number of credits that he/she has completed satisfactorily. A minimum Grade Point Average of 6.0 is required to be maintained for satisfactory progress. Also a minimum number of earned credits should also be obtained in order to qualify for the degree. The minimum academic requirements, including minimum and maximum credits to be registered in a particular semester are indicated in the Institute's PG Regulations Manual, which is available on Institute website.

Every course is coordinated by a member of teaching staff of the department. This faculty member is called the Course Coordinator. She/he has full responsibility for conducting the course, coordinating the work of the other faculty members involved in that course and for holding tests and assignments and awarding grades. In case of any difficulty, a student is expected to approach the Course Coordinator for advice and clarification.
