About Conference

National conference on Advanced Communication Technologies and Networks (ACTN) 2017 is a two-day conference which aims at presenting current research being carried out in the areas of Communication Technologies, Computer Networks, Optical Networks, Wireless Communication, Wireless Networks, Sensors, Mobile Communications, Antenna & Wave Propagation and Microwave Engineering for scientists, scholars, engineers and students from the universities, technologists, entrepreneurs and policy makers all around the World.

The participants will be able to exchange new ideas and experiences face to face, to establish business or research relations and to find global partners for future collaboration. The conference will feature technical paper sessions, poster sessions and invited talks by eminent researchers from around the world.

Communications	Communications for 5G, Coding Theory, Cognitive Radios, Green Communications, Systems and Circuits, Information Theory, Massive MIMO, Network Coding, Optical Communications, RF/Microwaves/Antennas, Satellite Communications, Systems and Circuits, Underwater Systems
Networks	Adhoc and Sensor Networks, Biological Networks, Cellular Networks, Cloud-/fog-/edge-based Networks, Converged Networks, Cyber-Physical Systems, Data Center Networks, Information-centric Networks, Internet of Things (IoT), Mobile Social Networks, DTN, WSN, High speed Networks, Network Test-Beds and Deployments, Optical Networks, SDN/NFV, Security and Privacy, Underwater Networks, Vehicular Networks
Signal Processing	Array Signal Processing, Biomedical Signal Processing, Compressed Sensing, Computer Vision, Deep Learning, Detection and Estimation, DSP Algorithms and Architectures, Image/Video Processing, Machine Learning, Natural Language Processing, Pattern Recognition, Signal Processing for Communication, Speech and Audio Processing

Technical Papers

Prospective authors are encouraged to submit full paper(s) for review. Only original papers which have not been published or submitted elsewhere will be considered. Submissions should not exceed SIX A4 size pages in length, should use font size no smaller than 10 points, and have margins on all four sides as per the IEEE conference format. Final papers accepted for publication should have a minimum length of THREE pages.

Authors can submit their paper at: actn.help@gmail.com

Accepted papers will be published in conference proceedings.
