

Mechanical Engineering Department Faculty and Two Students Invited in Autodesk University (AU) India & SAARC 2017 Summit at Bangalore for Project Display

14th December 2017 - 14th December 2017

Department of Mechanical Engineering is closely associated with Autodesk® through the activities i.e. academic presentations in the Autodesk University (AU) India & SAARC Summit, Research Projects, Student Competitions, Academic Council Membership, as Mentoring and Jury for the National Selection of World Skills for Mechanical CAD, getting sponsorship for its STTPs being conducted by the Department.

This year AU INDIA & SAARC 2017 Summit was held at Bengaluru on 14th December 2017 at hotel LaLit Ashok with a theme to make anything. Dr. Harlal Singh Mali along with two students Jitendra Jaisawal and Mandip Singh Kapoor represented Mechanical Engineering Department of MNIT Jaipur by presenting one each project on low cost Prosthesis (3D printing of Jaipur foot) and Orthosis (4-kare knee braces).

During the daylong event, along with presentations, interactions were held with so many people from industry and academics including Gary Conard (Director, Worldwide Customer Engagement & Autodesk Education Experiences), Patrick Williams (Senior Vice President, Asia Pacific, Autodesk), Nicolas Mangon (Vice President - AEC Industry, Autodesk), Pradeep Nair (Managing Director, India & SAARC, Autodesk), Tatjana Dzambazova (Senior Product Manager, Emerging Technologies, Autodesk), Prof. Pradyumana Vyas (Director, NID, Saurabh Singh, (DGM, Maruti Suzuki) etc. The visit was fully sponsored by Autodesk India Inc.
