### **Preamble:**

Vernacular Architecture refers to buildings based upon regional traditions, building materials in hand and the characteristics of the native place such as climate. This programme aims to develop the comprehensive understanding of the vernacular architecture styles and practices evolved in hot and dry region and to discuss the various traditional design elements and construction techniques. The programme also intends to develop an understanding on the various approaches of integrating vernacular architecture into modern practice and elaborate upon the lessons drawn from vernacular architecture for achieving sustainable development.

### **KEY FEATURES OF THE PROGRAM**

- Significance of vernacular architecture in present context
- Traditional settlement pattern and development
- Water sensitive urban form
- Vernacular architecture of Shekhawati, Jaisalmer and Jaipur region
- Vernacular practices in modern architecture
- Vernacular practices for achieving sustainable development
