ABOUT MNIT JAIPUR

Malaviya National Institute of Technology Jaipur is one of the premier NITs designated with the status of "Institute of National Importance" by MHRD. Located in a central location in Jaipur city and spread over 325 acres of lush green area this institute was established in the year 1963 as a joint venture of the Government of India and Government of Rajasthan. The college was inspired by the great educationist and freedom fighter Pt. Madan Mohan Malaviya and thus named as Malaviya Regional Engineering College. The institute was upgraded to a National Institute of Technology and was declared deemed university on June 26, 2002. Since then, the Institute started offering B. Tech. (Bachelor of Technology) degree instead of B.E. (Bachelor of Engineering) degree. MREC now known as MNIT, aims to set higher standards of academics to become a world class institute.

At present the Institute offers undergraduate (B. Tech./B.Arch.) and postgraduate (M.Tech./M. Plan./M.B.A./M.Sc./Ph.D.) courses to about 5000 students in leading fields of Engineering, Technology, Architecture, Management and Sciences. The institute is actively engaged in research, consultancy and developmental activities besides imparting regular teaching.

COURSE OVERVIEW

LaTeX is the open source software which is commonly used for the preparation of structured documents containing a large number of mathematical symbols and equations, tables and figures. It is the standard typesetting tool, which offers programmable writing features and extensive facilities for automating most aspects of typing.

The proposed short term course is intended for Faculties, Research scholars, PG & UG students of all branches of science and engineering. The main objective of the course is to expose the participants to use of LaTeX in academic and technical writing and be able to prepare projects, research papers, thesis and books. The course also planned to cover adequate materials to readily start typesetting.

HIGHLIGHTS

- Typesetting of articles, technical reports, thesis and books
- Generation of table of contents, bibliographies and indexes
- Controlling over sectioning & cross-references
- Power point presentation (Beamer)
- Creating documents using database (linking with excel sheet)
- Xcircuit drawing tool
