

## Report on “Campus Tour”

**Date:** 23<sup>rd</sup> January 2026

**Venue:** MNIT Campus

**Organizing Body:** National Service Scheme (NSS), MNIT Jaipur

**Participants:** Students of Maa Ki Karn Putir NGO

The students of Maa Ki Parn Kutir undertook an educational campus tour to Malaviya National Institute of Technology (MNIT), Jaipur on Friday, 23rd January 2026. The visit was organized with the objective of familiarizing students with a technical institute, its academic environment, infrastructure, and campus facilities, thereby motivating them towards higher education and professional aspirations.

The campus tour commenced with a warm welcome at the Open Air Theatre (OAT), which served as the starting point of the visit. Students were introduced to the exciting and expansive campus atmosphere of MNIT Jaipur. From there, the group proceeded to the Malaviya Innovation and Incubation Centre (MIIC), where students gained insights into innovation, startups, and entrepreneurial initiatives supported by the institute.

The tour continued to the Chemistry Department, where students were briefed about academic laboratories, research activities, and the importance of science education. Following this, the group visited Prabha Bhawan, one of the prominent academic buildings on campus, providing students with an overview of classroom infrastructure and academic spaces.

Subsequently, the students explored the Architecture Department, where they observed models, design studios, and creative academic work, giving them exposure to diverse academic disciplines offered at MNIT. The visit then moved to the canteen, allowing students to experience campus life.

One of the major highlights of the tour was the visit to the Central Library, where students were introduced to the vast collection of academic resources, digital learning facilities, and the importance of self-study and research in higher education. The campus tour concluded at the VLTC Front Porch, leaving students with a comprehensive understanding of the institute's academic and cultural environment.

### Objectives of the Visit

- To expose students to a higher education campus and its facilities
- To motivate students towards academic excellence and career planning
- To provide awareness about technical education and research opportunities
- To inspire confidence and ambition among students through real-life exposure

### Outcomes and Impact

- Students gained valuable insight into campus life at a premier technical institute
- Enhanced awareness about academic disciplines, innovation, and research
- Motivated students to pursue higher education and professional goals
- Provided an enriching and memorable learning experience outside the classroom

### **Conclusion**

The campus tour to MNIT Jaipur proved to be an informative and inspiring experience for the students of Maa Ki Parn Kutir. The visit successfully broadened their perspective on higher education, campus facilities, and academic opportunities. Such exposure visits play a crucial role in shaping students' aspirations and encouraging them to strive for excellence in their educational journey.
