

MALAVIYA NATIONAL INSTITUTE OF TECHNOLOGY JAIPUR

(Office of Dean of Student Welfare)

Event Calendar of various clubs under the Cultural Society during the academic year 2024-25

1. Independence Day 2024 (15th August 2024):

The 78th Independence Day was celebrated in MNIT with great enthusiasm and pride.

This remarkable day is celebrated to pay a tribute to all those fighters who have contributed and fought for the Independence of India. On this auspicious day, in remembrance of our freedom fighters, faculty, staff members, and students assembled at Prabha Bhawan premises to sing the National Anthem and to hoist the flag. Our honorable Director, Prof. N. P.

Padhy, enlightened our thoughts with his speech. He further highlighted the college's achievements, new projects, and training programs, which are taking the institute to new heights, and how students' activities, placements, and advanced development-oriented start-ups under the MNIT Incubation Centre are proliferating. Inspirational speeches, songs, and dance performances ignited the feeling of patriotism and zeal. With heart-touching poems and the distribution of sweets, the event culminated, adding to the smiles on everyone's faces. The day marked a successful celebration of independence, and honor was expressed to the people who played their part in the country's independence.

2. Orientation Program 2024 (From 16th to 18th August 2024):

Malaviya National Institute of Technology (MNIT), Jaipur, organized an orientation program for its B.Tech and B.Arch. undergraduate students joining the college as freshers (2024-28 batch). This initiative will continue to inspire students to take responsibility for their environment and cherish their bond with nature and their mothers, who both give life, nurture growth, and provide endless support.

5. Think India Club:

An event "**Green Campus Initiative**" was conducted by the Think India club for the observation of "**Swachhata Hi Seva**" (17th Sept.- 02nd Oct. 2024) with the theme of "**Swabhav Swachhata – Sanskar Swachhata**" under the aegis of DSW office, Malaviya National Institute of Technology Jaipur. In this event, a waste audit was carried to assess the amount of dry and wet waste generated within the campus. This report provides valuable insights into the institute's waste generation patterns and highlights opportunities for improving waste management, recycling, and sustainability practices. Waste generated across campus was collected from some department offices, hostel rooms, and residences within the institute. The waste was sorted into two categories: dry waste and wet waste. Each category was weighed using a calibrated scale to ensure accuracy. The waste data was recorded, and the potential for recycling and composting was analyzed. On average, approximately 30 kg of waste per day was collected, out of which 17% was dry waste (plastic, bottles, cans, paper, etc.) and the remaining waste was wet waste (organic). The dry waste is primarily composed of paper and plastics. A significant portion of this waste can be recycled, indicating an opportunity to improve recycling programs on campus. The wet waste can be effectively diverted from landfills through composting, contributing to soil enrichment on campus grounds or nearby communities. An increased number of waste bins across campus may be considered for installation to ensure clear labeling for segregating compostable and recyclable wastes.

MNIT Jaipur is a green campus committed to waste reduction and its effective management. The institute consistently prioritizes implementing proper protocols to minimize waste, ensuring a clean, green, and sustainable environment. The suggested initiatives may further elevate the institute's commitment to a green and clean campus.
