

Nit-1453

Date: 9 Nov, 2016

Dear UG Students,

Attention: All UG students of 2013 and previous batches

Subject: Mandatory Pre-registration of program electives, advance electives & Open Electives for next even semester of 2016-17.

As per academic calendar 2016-17 each student had to pre-register on ERP from 7 Nov, 2016 to 11 Nov, 2016. In order to facilitate proper planning of academic activities of the next semester, it is essential for the students to declare their intent to register for the elective courses in advance, before actual start of academic session, through the process of pre-registration. Pre-registration is mandatory for all students who wish to register for 8th semester elective courses.

Based on their choices given for elective courses, the courses will be allotted after completion of pre-registration courses on the basis of preference and CGPA of the student. This allotment will automatically be carried forward in main registration for the elective courses.

The instruction manual for the pre-registration process on ERP is attached with notification. The students are also advised to go through the attached courses of study before filling their choices on ERP.

In case of any technical issue please write to us at erp.acad@mnit.ac.in and regarding courses of study write to us at adug@mnit.ac.in

Reeta Singh
