

Malaviya National Institute of Technology Jaipur  
Academic Section

No. - 3529

Date: 23 Nov, 2017

Dear UG Students,

**Attention: All UG students of 2014 and previous batches**

**Subject: Mandatory Pre-registration of program electives, advance electives & Open Electives for next even semester of 2017-18.**

As per academic calendar 2017-18 each student had to pre-register on ERP from 24 Nov, 2017 to 5 Dec, 2017. In order to facilitate proper planning of academic activities of the next semester, it is essential for the students to declare their intent to register for the elective courses in advance, before actual start of academic session, through the process of pre-registration. Pre-registration is mandatory for all students who wish to register for 8<sup>th</sup> semester elective courses.

Based on their choices given for elective courses, the courses will be allotted after completion of pre-registration courses on the basis of preference and CGPA of the student. This allotment will automatically be carried forward in main registration for the elective courses.

The instruction manual for the pre-registration process on ERP is attached with notification. The students are also advised to go through the attached courses of study before filling their choices on ERP.

In case of any technical issue please write to us at [erp.acad@mnit.ac.in](mailto:erp.acad@mnit.ac.in) and regarding courses of study write to us at [adug@mnit.ac.in](mailto:adug@mnit.ac.in)
