

IoT Applications with Sensors, Embedded Systems, and Data Analytics

17th – 28th Feb 2025

Chairman, EICT Academy & Director MNIT Jaipur

Prof. Narayana Prasad Padhy

Chief Investigator, EICT Academy

Prof. Vineet Sahula, ECE

Coordinator, EICT Academy

Dr. Satyasai Jagannath Nanda, ECE

Co- Chief Investigators, EICT Academy

Prof. Lava Bhargava, ECE

Prof. Pilli Emmanuel Shubhakar, CSE

Dr. Ravi Kumar Maddila, ECE

Objective (Electronics & ICT Academy-Phase II)

1) To conduct specialized FDPs for faculty/mentor training in line with the vision of MeitY by promoting emerging areas of technology and other high-priority areas that are pillars of both the "Make in India" and the "Digital India" programs.

2) To promote synergy and collaboration with industry, academia, universities and other institutions of learning, especially in emerging technology areas.

3) To support the National Policy on Electronics 2019 (NPE 2019) which envisions positioning India as a global hub for ESDM sector, including MeitY Schemes/policies such as Programme for Semiconductors and Display Fab Ecosystem; India AI; National Programme on AI, Production Linked Incentive Scheme for IT Hardware & Large-Scale Electronics Manufacturing; EMC; SPECS; Chips to System (C2S); etc.

4) To promote standardization of FDPs through Joint Faculty Development Programmes.

5) To support the vision of the National Education Policy (NEP 2020), which mandates that Indian educators go through at least 50 hours in professional development programmes per year.

6) To design, develop & deliver specialised FDPs on emerging technologies/ niche areas/ specialised modules for specific research areas for Faculty in Higher Education Institutions (HEI), besides FDPs on multi-disciplinary areas connected with ICT tools and technologies and other digital hybrid domains, covering a wide spectrum of engineering and non-engineering colleges, polytechnics, ITIs, and PGT educators.

An intensive 40 Hours Training Programme in online mode is being organized for faculty and doctoral students of engineering and technological institutions. It is also open to working professionals from industry/organizations. The main theme of training program will be oriented around exploring the state of the art methods for **IoT Applications with Sensors, Embedded Systems, and Data Analytics**. The programme will be run during **4 -8 PM daily**.

Experts/Speakers-

- 1) Prof. Rahul Thakur, IIT Roorkee
- 2) Prof. Sudepta Mishra, IIT Ropar (consent awaited)
- 3) Dr. Anbumunee Ponnai, Chief Technical Officer, IBM India (consent awaited)

Programme Modules:

Module 1: Introduction and Fundamentals- Introduction to Internet of Things, Introduction to IoT Platforms and Programming Environment
Module 2: Arduino Basics and Hardware- Introduction to Arduino Hardware, Digital Input/Output, Analog Input/Output
Module 3: Communication Protocols- Introduction to Serial Communication, Communication Protocols: UART, I2C, SPI
Module 4: Networking and IoT Integration- Networking in IoT: WiFi and LoRaWAN, IoT and Cloud
Module 5: IoT Data and Analytics- Data Collection and Analytics in IoT, Experimentation on Tinkercad, IoT Platforms and Programming Environment, Experimentation with Serial Monitor, UART Sensors, Experimentation with Arduino Libraries, Board Manager, Experimentation on Cloud Platform and Database, Experimentation with I2C, SPI Sensors

Joint-Principal Coordinator (MNIT Jaipur):

Dr. Amit M. Joshi

954 9654 239 (M)

Registration:

Registration is open to faculty, working professionals, industry persons, doctoral, postgraduate and graduate students. Participants will be admitted on first-come first-served basis.

Register online at-

<http://online.mnit.ac.in/eict/>

Certification Fee: Academic (faculty/Students): Rs. 500/-

Working professionals, Industry/Others: 1500/-

(A) Fee once paid will not be refunded back.

(B) The fee covers online participation in the programme, tutorial notes and examination, certification charges.

(C) The organizers should receive the registration amount through online mode- NEFT/UPI, provided at the registration portal.

(D) Detailed schedule will be shared after receiving registration form.

→ For any other query, email us at fdp.academy@mnit.ac.in , academy@mnit.ac.in

MNIT Jaipur one of the oldest NITs, the institute has a rich heritage of sixty years producing world class engineers, managers, architects and scientists. Ranked 43rd nationally in the NIRF ranking-2024 (Engineering), the institute offers learning opportunities for undergraduate, postgraduate students, and researchers in various domains. Having a lush green campus of over 317 acres within the heart of the pink city, close to Jaipur International Airport, the campus offers a safe and lively environment. A world class teaching infrastructure, state-of-art laboratories welcome you at the campus. The institute has a vision to impart education of international standards and conduct research at the cutting edge of technology.
