Placement Experience Session - Computer Science Club

Date: 28 August 2023
Time: 5:30 pm
Venue: Niti Sabhagar

Speakers: Surbhi Jain, Deepansh Sharma, Shivam Singla, Raman Bola, Grahil Singhal and Devashish Juyal

The Computer Science Club conducted the Placement Experience Session on the 28th of August at Niti Sabhagar. The event saw overwhelming participation from the first and second years. Around 300 attended the event. The speakers were the recently placed seniors, working at top MNCs such as Wells Fargo, D.E. Shaw, Goldman Sachs, etc. They provided their expertise and guidance.

- How do you become placement-ready? Recently placed seniors discussed everything from learning a programming language to interview prep. Online resources for each step were given, along with a detailed timeline for preparation.

- Discussion regarding the selection of resume projects. These included web/app development and non-conventional domains such as ML, AI, and data science.

- Resume building tips

- Apart from the technical side, the importance of soft skills was emphasised. The art of effectively explaining ideas and projects was demonstrated using the students who volunteered.

- Intern profiles of several companies, i.e., Goldman Sachs, Atlassian, Wells Fargo, Expedia, Arcesium, Salesforce, and D.E. Shaw, were discussed. This included the stipend and the minimum CGPA required.

- Finally, the speakers fielded several questions from the audience. These included motivation, specifics of DSA topics, routine, etc.
