RAJASTHAN'S LARGEST TECHNO - MANAGEMENT FEST

An aerial photograph of the Malaviya National Institute of Technology (MNIT) Jaipur campus during sunset. The campus features several large, multi-story buildings with a mix of red brick and white facades. The sky is a vibrant mix of orange, pink, and purple, with a few clouds. In the background, the city of Jaipur is visible, including the iconic blue domes of the Amber Fort. A small airplane is seen flying in the sky above the campus. The foreground shows some greenery and a paved area.

ABOUT MNIT JAIPUR

Established in 1963, Malaviya National Institute of Technology has a great history of being evolved from Malaviya Regional Engineering College to Malaviya National Institute of Technology in 2002 and then to a Institute of National Importance under an Act of Parliament in 2007. Located in the heart of Pink City of Rajasthan, Jaipur, it is one of the most premier institutes of the nation, having a campus area of more than 317 acres. It has been serving to the future of the nation and the world, with a legacy of producing world class engineers, managers, researchers and leaders for more than 60 years now. MNIT Jaipur has a mission to create technical manpower for meeting the current and future demands of the industry.

ABOUT SPHINX

The genius minds of Malaviya National Institute of Technology (MNIT) have founded an annual intellectual extravaganza — **SPHINX** — opening new realms of possibilities. Celebrated by over **60,000** zealous aspirers from IITs and NITs, SPHINX is **Rajasthan's largest College fest**.

It integrates technical mastery and artistic creativity, nurturing an environment of learning, growth, and professional exposure through collaboration with industry experts and peers. It promotes a culture that fuels innovation and meaningful interaction.

SPHINX gathers nationwide intellectual minds with budding curiosities into an unparalleled experience. With events like **"Hackathon"** and **"Robowars"** by day, and artists like **Mithoon** and **Jubin Nautiyal** by night, it blends intellect and passion. SPHINX is not just a fest, but an expression of diversity, integrity, and talent — commemorating the magnanimity of every individual on campus.

Is it the final ASCEND
or the fall before REBIRTH ?

XENOVITY

THE SPINX SAGA

In 2023, EVOLVE

The awakening began. Humanity stood at the crossroads of nature and machine. The question wasn't how far can we go, but what are we becoming?

In 2024, ASCEND

With evolution came elevation — into infinite space. We crossed thresholds, where rogue intelligences scattered in search for meaning, identity, and control.

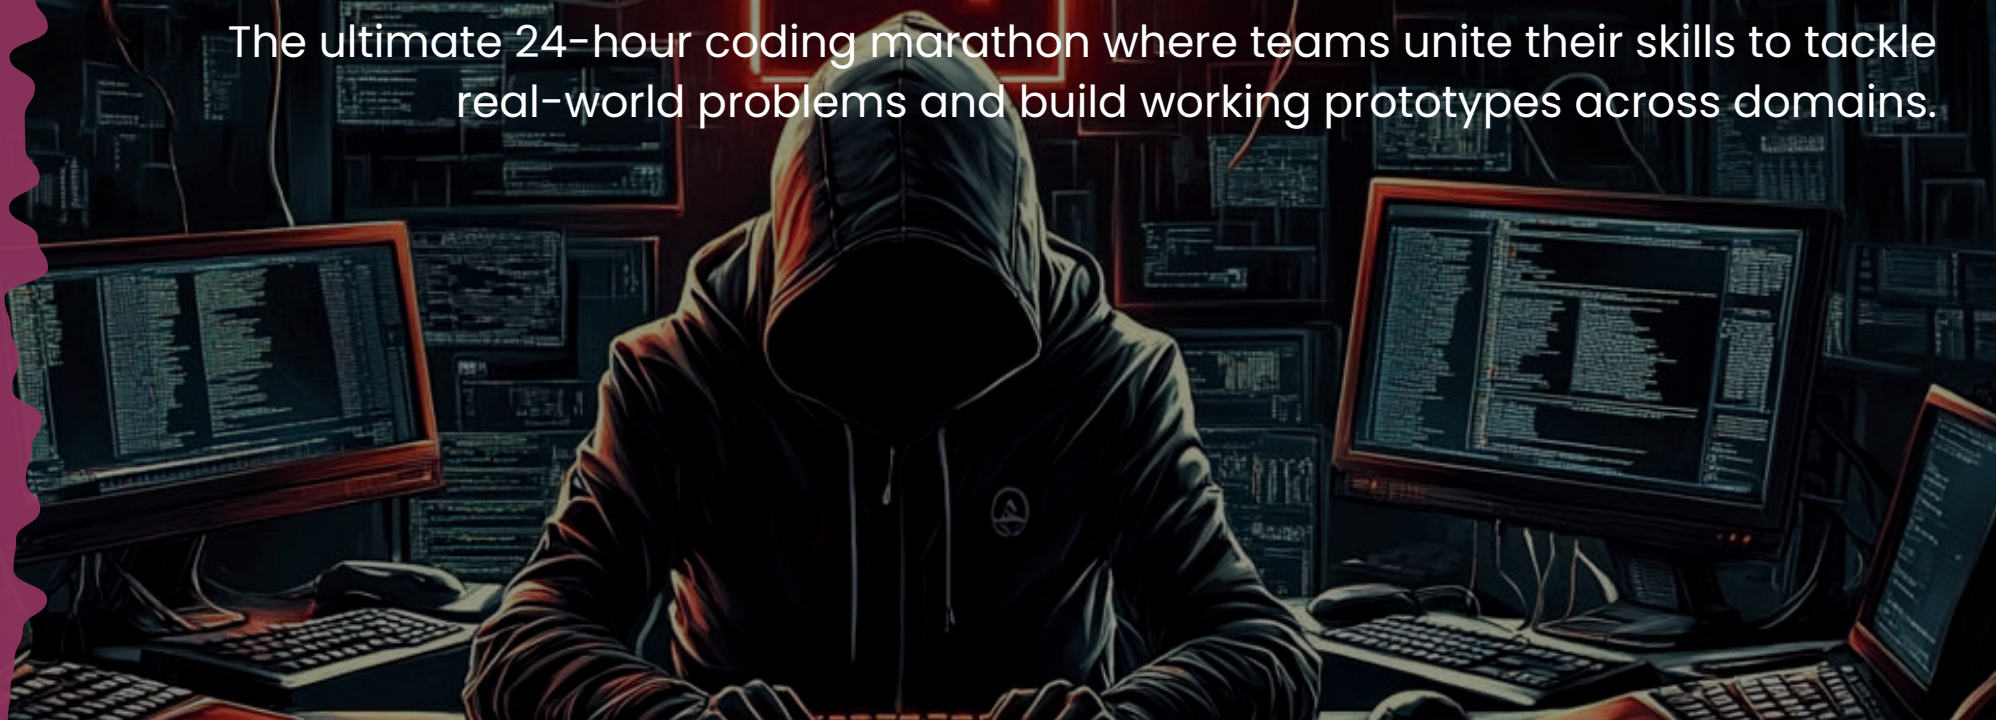

Now it's XENITH

The multiverses collapse into one final frontier. A storm is brewing in the sky, forcing coexistence or collapse and only those who dare to shape the future will survive it.

24 HOURS HACKATHON

The ultimate 24-hour coding marathon where teams unite their skills to tackle real-world problems and build working prototypes across domains.

ESPORTS

Participants dive into competitive gaming across top titles, showcasing team strategy and solo skill—complete with prizes and a live tournament vibe.

ROBOWARS

Participants build and battle their own robots in a fierce showdown—aiming to disable, dismantle, or destroy rivals in a true test of engineering and strategy.

DESIGN-X

A fast-paced digital art challenge where participants craft original pieces from on-the-spot mood boards—celebrating creativity and rapid ideation.

AEROQUEST

A thrilling aeromodelling contest where tech enthusiasts design, build, and fly through task-based missions—testing flight precision and aerodynamics.

MINUTE TO PITCH

Teams craft an innovative idea and pitch it to potential investors during a campus tour—all within a sharp

INTRODUCING IN SPHINX '25

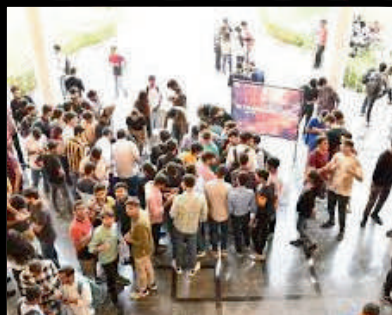

BULLS AND BEAR

Bulls and Bears is a mock trading competition where participants use virtual money and real-time market data to grow their portfolios. It's a two-round event.

TREASURE HUNT

A high-energy campus hunt where teams race through tasks, crack puzzles, and follow clues—blending logic, speed, and teamwork in a thrilling challenge.

FUN
EVENTS

SILENT DISCO

Participants wear wireless headphones and dive into a rhythmic frenzy, choosing from curated DJ channels for a one-of-a-kind, high-energy audio experience.

FUN
EVENTS

ROOM OF NOSTALGIA

The Room of Nostalgia is a cozy, immersive space designed to transport students back to the golden days of their childhood it's a place to relive memories, share laughs,

TECH TALK

Where Innovation Speaks and the Future Listens !!

With an audience of **500+** tech enthusiasts, visionaries, and change-makers, Tech Talk spans all three days as a celebration of ideas, insights, and imagination.

Engage with industry leaders, academic pioneers, and disruptive minds as they share the stories shaping tomorrow. From cutting-edge discoveries to bold conversations—this is where futures are sparked.
